Space and Robotics

To celebrate the beginning of 2019, we are going to look to the stars to learn about space and robotics. So get ready to blast off on the “Grandin rocketship” as we fly through the solar system and discover the Universe.

Telus Fieldtrip

Come and join us to visit the Telus World of Science on **January 30th from 12:20pm-2:30pm**. Everyone is invited. We need 5 chaperones to help the 2 teachers. If you are not picked and would still like to come. You may. You just need to pay for yourself and/or siblings. Come explore the space exhibit, the science garage, the senses, discoveryland and more with us.

Unfortunately, because of renovation plans etc, they were only able to give us an afternoon fieldtrip.....but everyone is invited ☺

Bring Your Own Toy

After the holidays, children get excited about their new toys. We will have another, "**Bring Your Own Toy Day(s)**"....we invite you on Jan 9, 10th or 11th (Wed-Fri) to bring a toy for show 'n' share. Please be mindful that in preschool we share. So if it is something too precious to share with friends.....maybe bring something else.

Robot Dance with Movie

and Popcorn. Bring your Robot moves! In January since it is a super cold month. We are going to do a lot of physical activity indoors. On Tuesday, Jan 15th and Wednesday, Jan 16th get ready to dance the robot and boogie! The fun doesn't end there. To cool down, we will have just a little movie watch (15-20 minutes) with popcorn (or something different if not allowed popcorn) provided on Tuesday, Jan 15 and Wednesday, Jan 16th. Get ready for the mega party!

2019/2020 school year registration is [here](#). Mme. Sarah will send out registration forms via email and have hardcopies available for 2019-2020 registration during Jan 07-Jan 11. We always open registration first to alumni parents (that' s you!). First come, first serve. Then, on February 6th during our Open House, we open registration up to the public. So register early to guarantee your days! **We still need people to take posters to promote our Open house. 5 posters =1 participation.**

Merci

to all of our December parents. This month we have Corissa Wing in charge of laundry, Torah Hunt in charge of recycling, and we are fine for playdough. Merci Beaucoup!

Vocabulaire de janvier

Space- espace black- noir Robots- des robots grey- gris Spaceship- vaisseau spatial

the stars- les étoiles to fly-voler (verb) planets- les planètes sun-le soleil
